

> Change the way you meet for good

Optima **AMR**

Your business deserves the best possible working environment. With the best possible acoustics, lighting, airflow and connectivity.

As pioneers in Adaptable Meeting Rooms, we create the moveable, changeable, reusable spaces that modern businesses need to meet their sustainability goals:

- › Post-consumer recycled aluminium frames
- › Low embodied energy at every stage of manufacture
- › Reconfigurable design perfect for the circular economy

Altogether allowing you to change the way you meet, for good.

From scaling at speed to meeting changing work patterns, modern businesses need to be responsive and flexible. Optima AMR® will futureproof your business, wherever the world of work chooses to go next.

Be more sustainable.
Be more flexible.
Be more AMR.

AMRs are designed for reuse. As well as having low embodied carbon from its manufacture, your meeting room can be used time and time again, even if you move location.

But sustainability isn't just about the environment.

Optima is committed to social and economic sustainability too, investing in the next generation and responsibly manufacturing our products in the UK.

Design your new AMR

We build it, using sustainable materials

Assemble on site

Use your AMR for as long as possible

Take down and reassemble

We collect at end of life for recycling or reuse

> Space that adapts to you

Modular design means modular components.

So, if you're planning a refresh or an office move, you can reuse parts of your AMR for the next project.

- › Lower embodied impact helps you achieve environmental certifications like BREEAM, WELL etc
- › Reuse extends the lifespan of your AMR, giving you maximum value
- › Build a more adaptable, more productive space without compromising on quality

> Standard sizes
are a springboard
to limitless
possibilities

AMRs can be moved,
enlarged, reduced and
reconfigured without
starting from scratch.

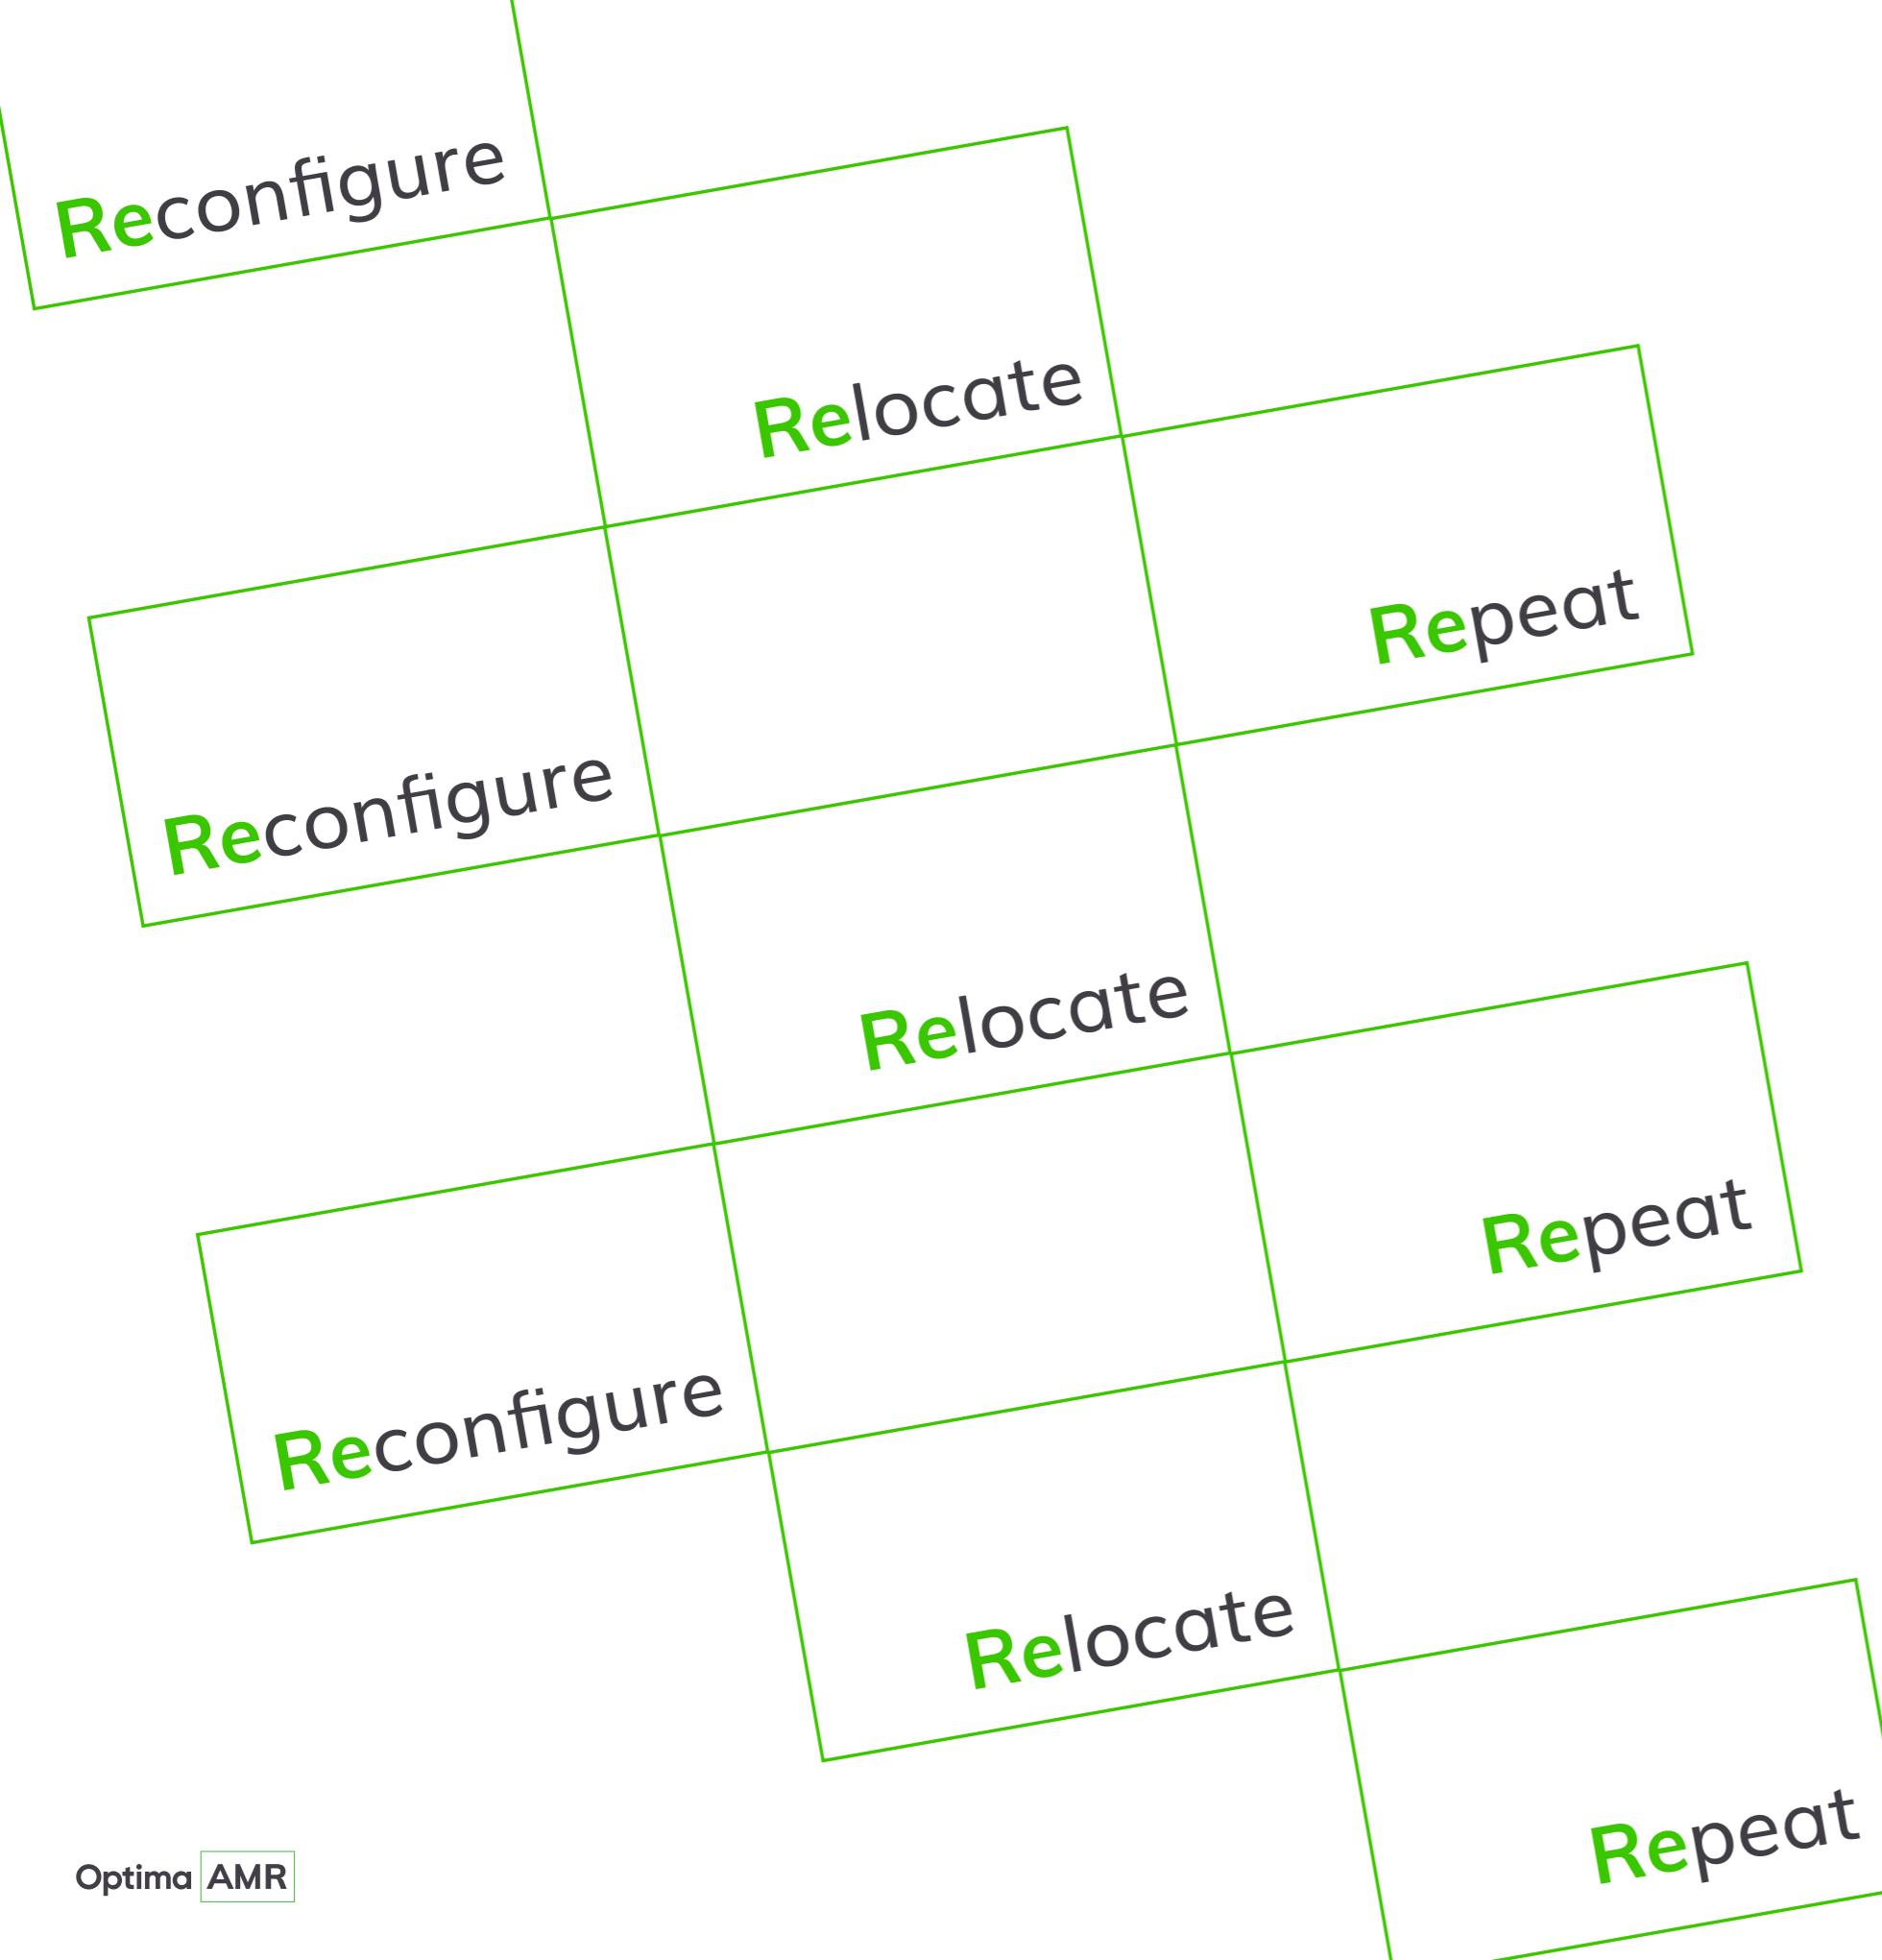

Endless permutations are
possible. Create shapes,
villages, communities by
connecting AMRs together.

Build spaces within spaces.

<p>AMR 1</p>  <p>For 1 person 3260 x 1300 mm</p>	<p>AMR 1+1</p>  <p>For 1 person in each 1800 x 2244 mm</p>	<p>AMR 2</p>  <p>For two people 3260 x 2244 mm</p>
<p>AMR 4</p>  <p>For four people 3260 x 3260 mm</p>	<p>AMR 6</p>  <p>For six people 4275 x 3260 mm</p>	<p>AMR 8</p>  <p>For eight people 5292 x 3260 mm</p>

From AMR 1 to AMR 8, use our standard options as a starting point for wherever your imagination takes you.

> The world of work has changed forever

To thrive, businesses
must adapt.

With Optima Adaptable
Meeting Rooms (AMR) as
part of your office strategy,
your working environment
is as flexible as you are.

Best-in-class acoustics,
lighting, airflow and
connectivity are all
configurable. Colours,
textures, interiors, framing
comes in a wide range
of finishes.

Achieve your goals
and get the most
from your space.

> Why limit your options?

AMR Fabrics

- > Choose from our carefully curated collection of over 50 stunning colours, available as standard.
- > Crafted from 100% natural pure wool, our fabrics are renewable, compostable, and acoustically transparent – combining sustainability with superior performance.
- > For added safety, they can be fire-treated to meet Class B s1 d0 standards.

Whether you're looking for a smart, professional space for serious productivity, or a fun, individual environment to match your work culture, let your creativity run wild. AMRs are a truly plug-and-play option to transform your space.

Turn any unused corner into the pride of the office.

> Open-plan glass or privacy-enhancing solid wall?

> Practical pinnable fabric or funky coloured laminate?

> Dark Mocha or Aged Bronze powder-coated frame?

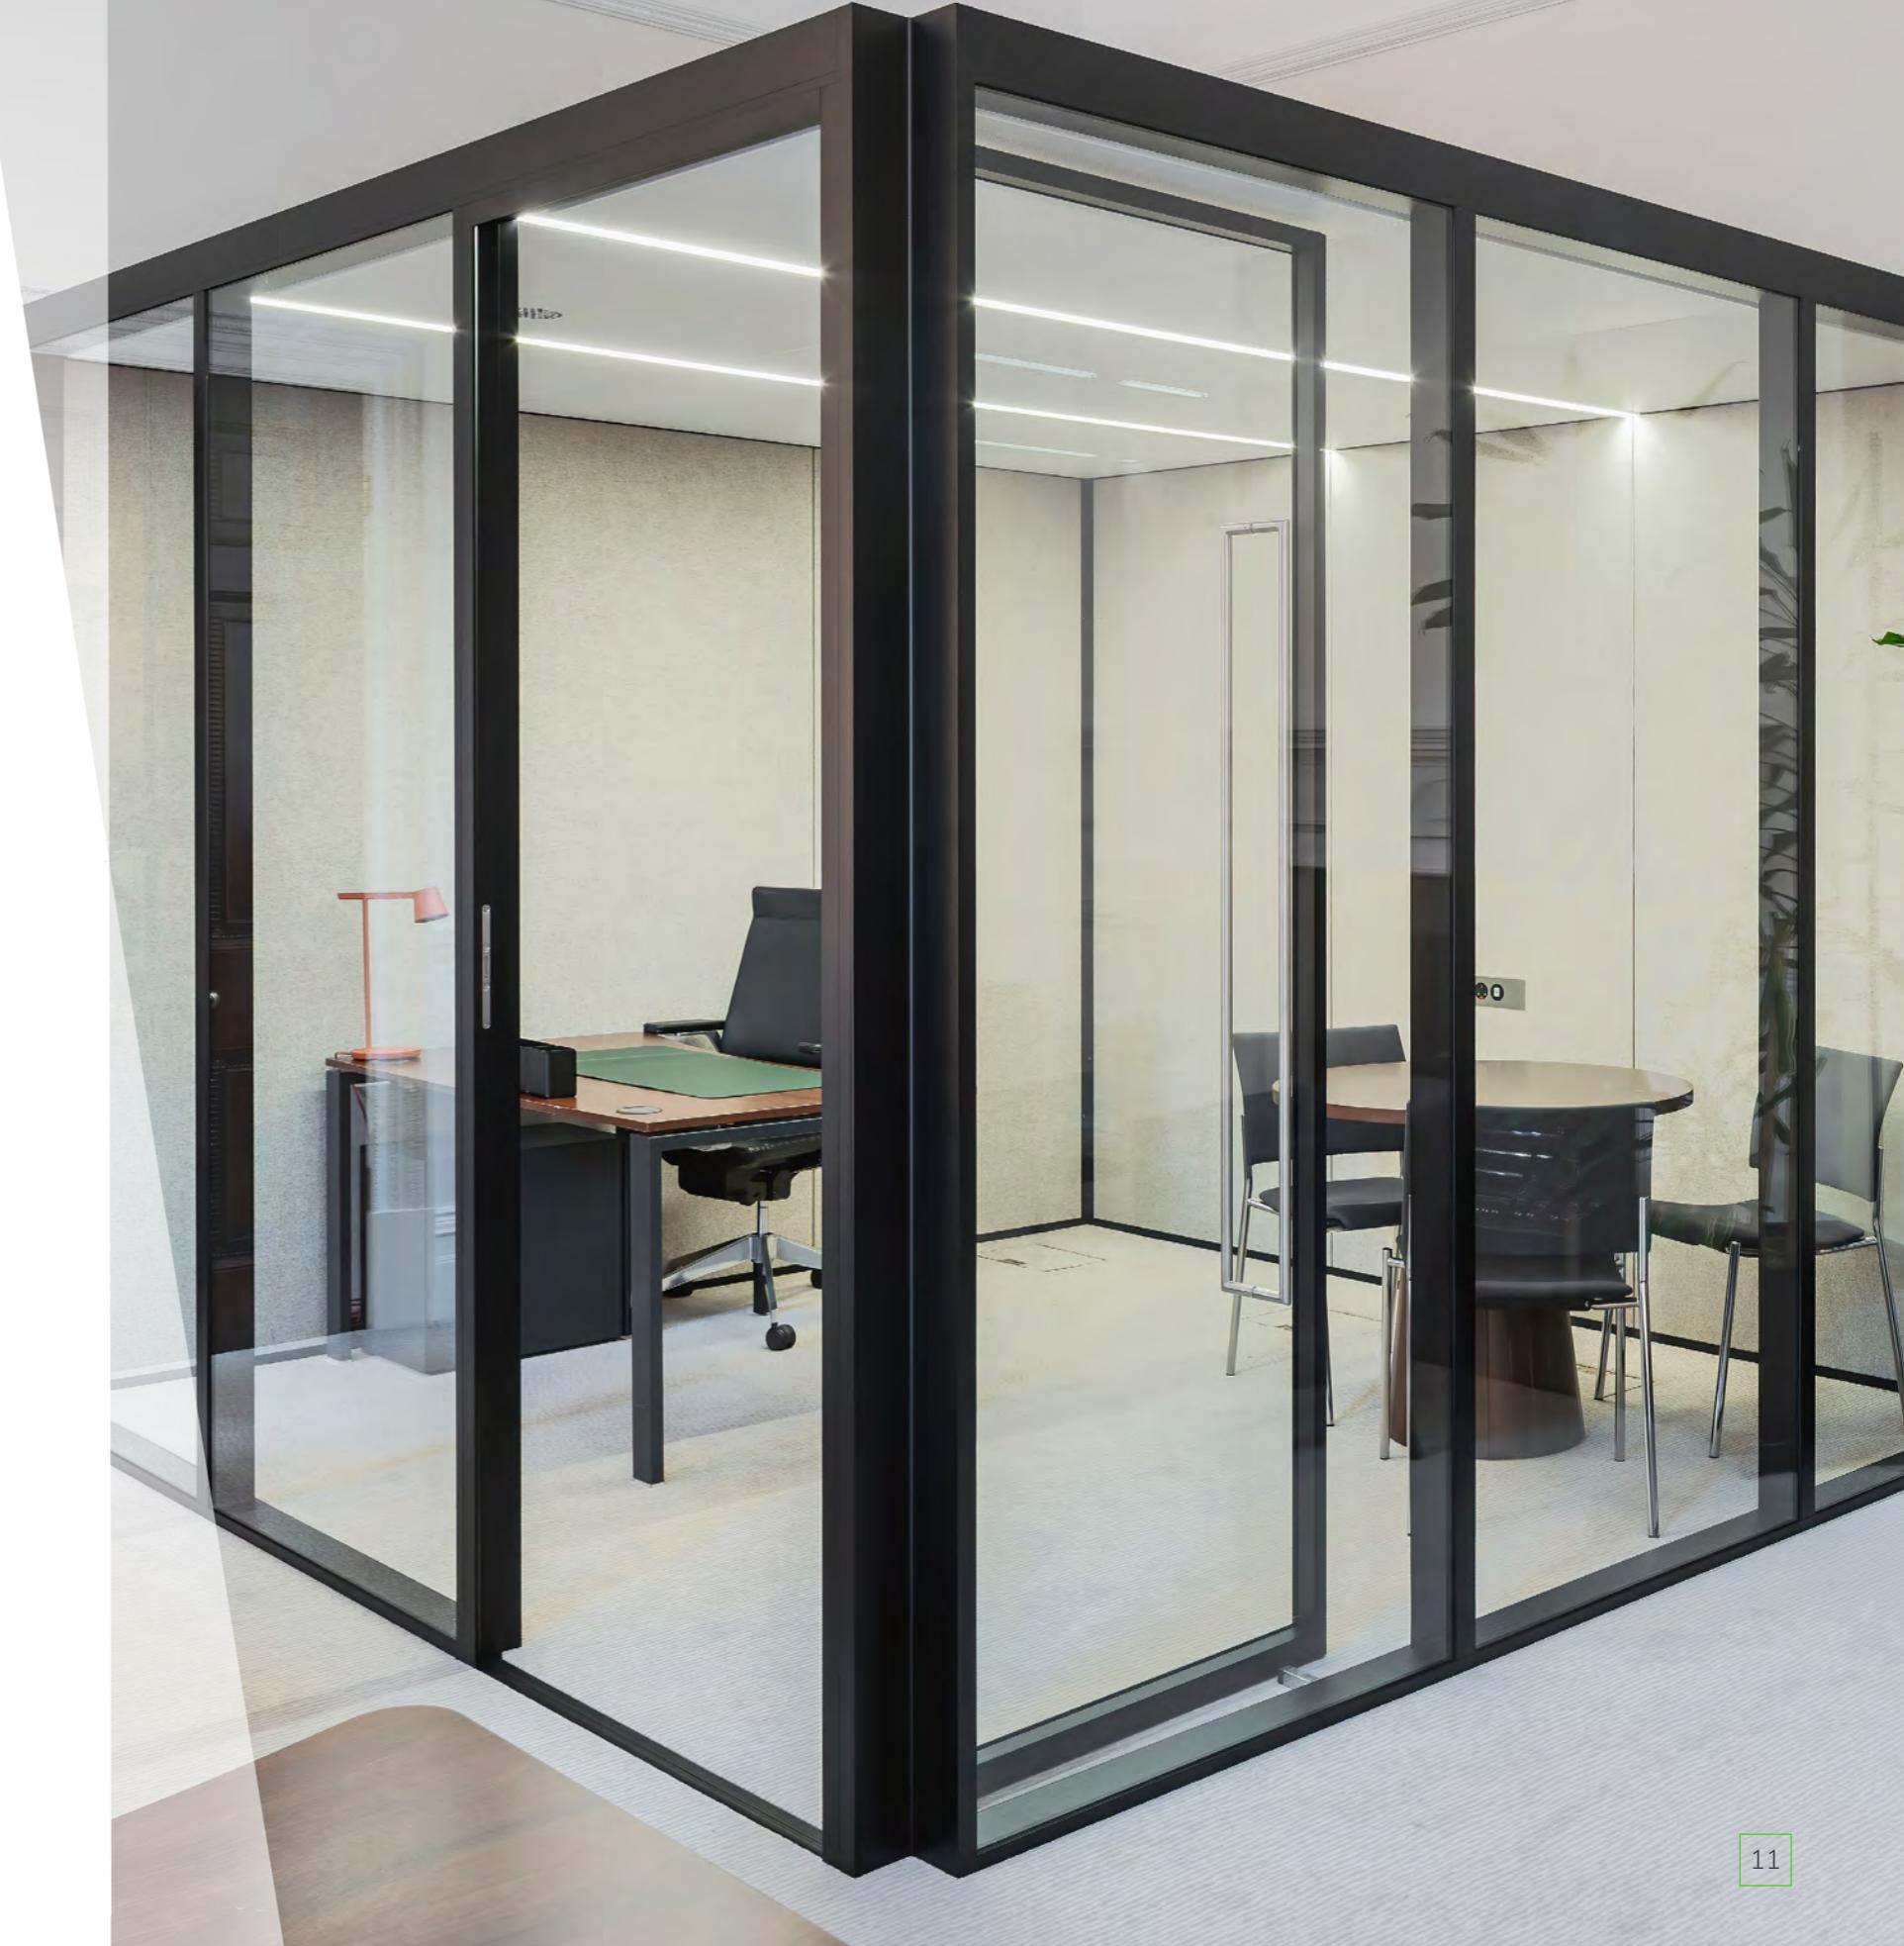

> Create the conditions you need for success

Whatever challenging situation you find yourself in, the right environment can mean the difference between success and failure.

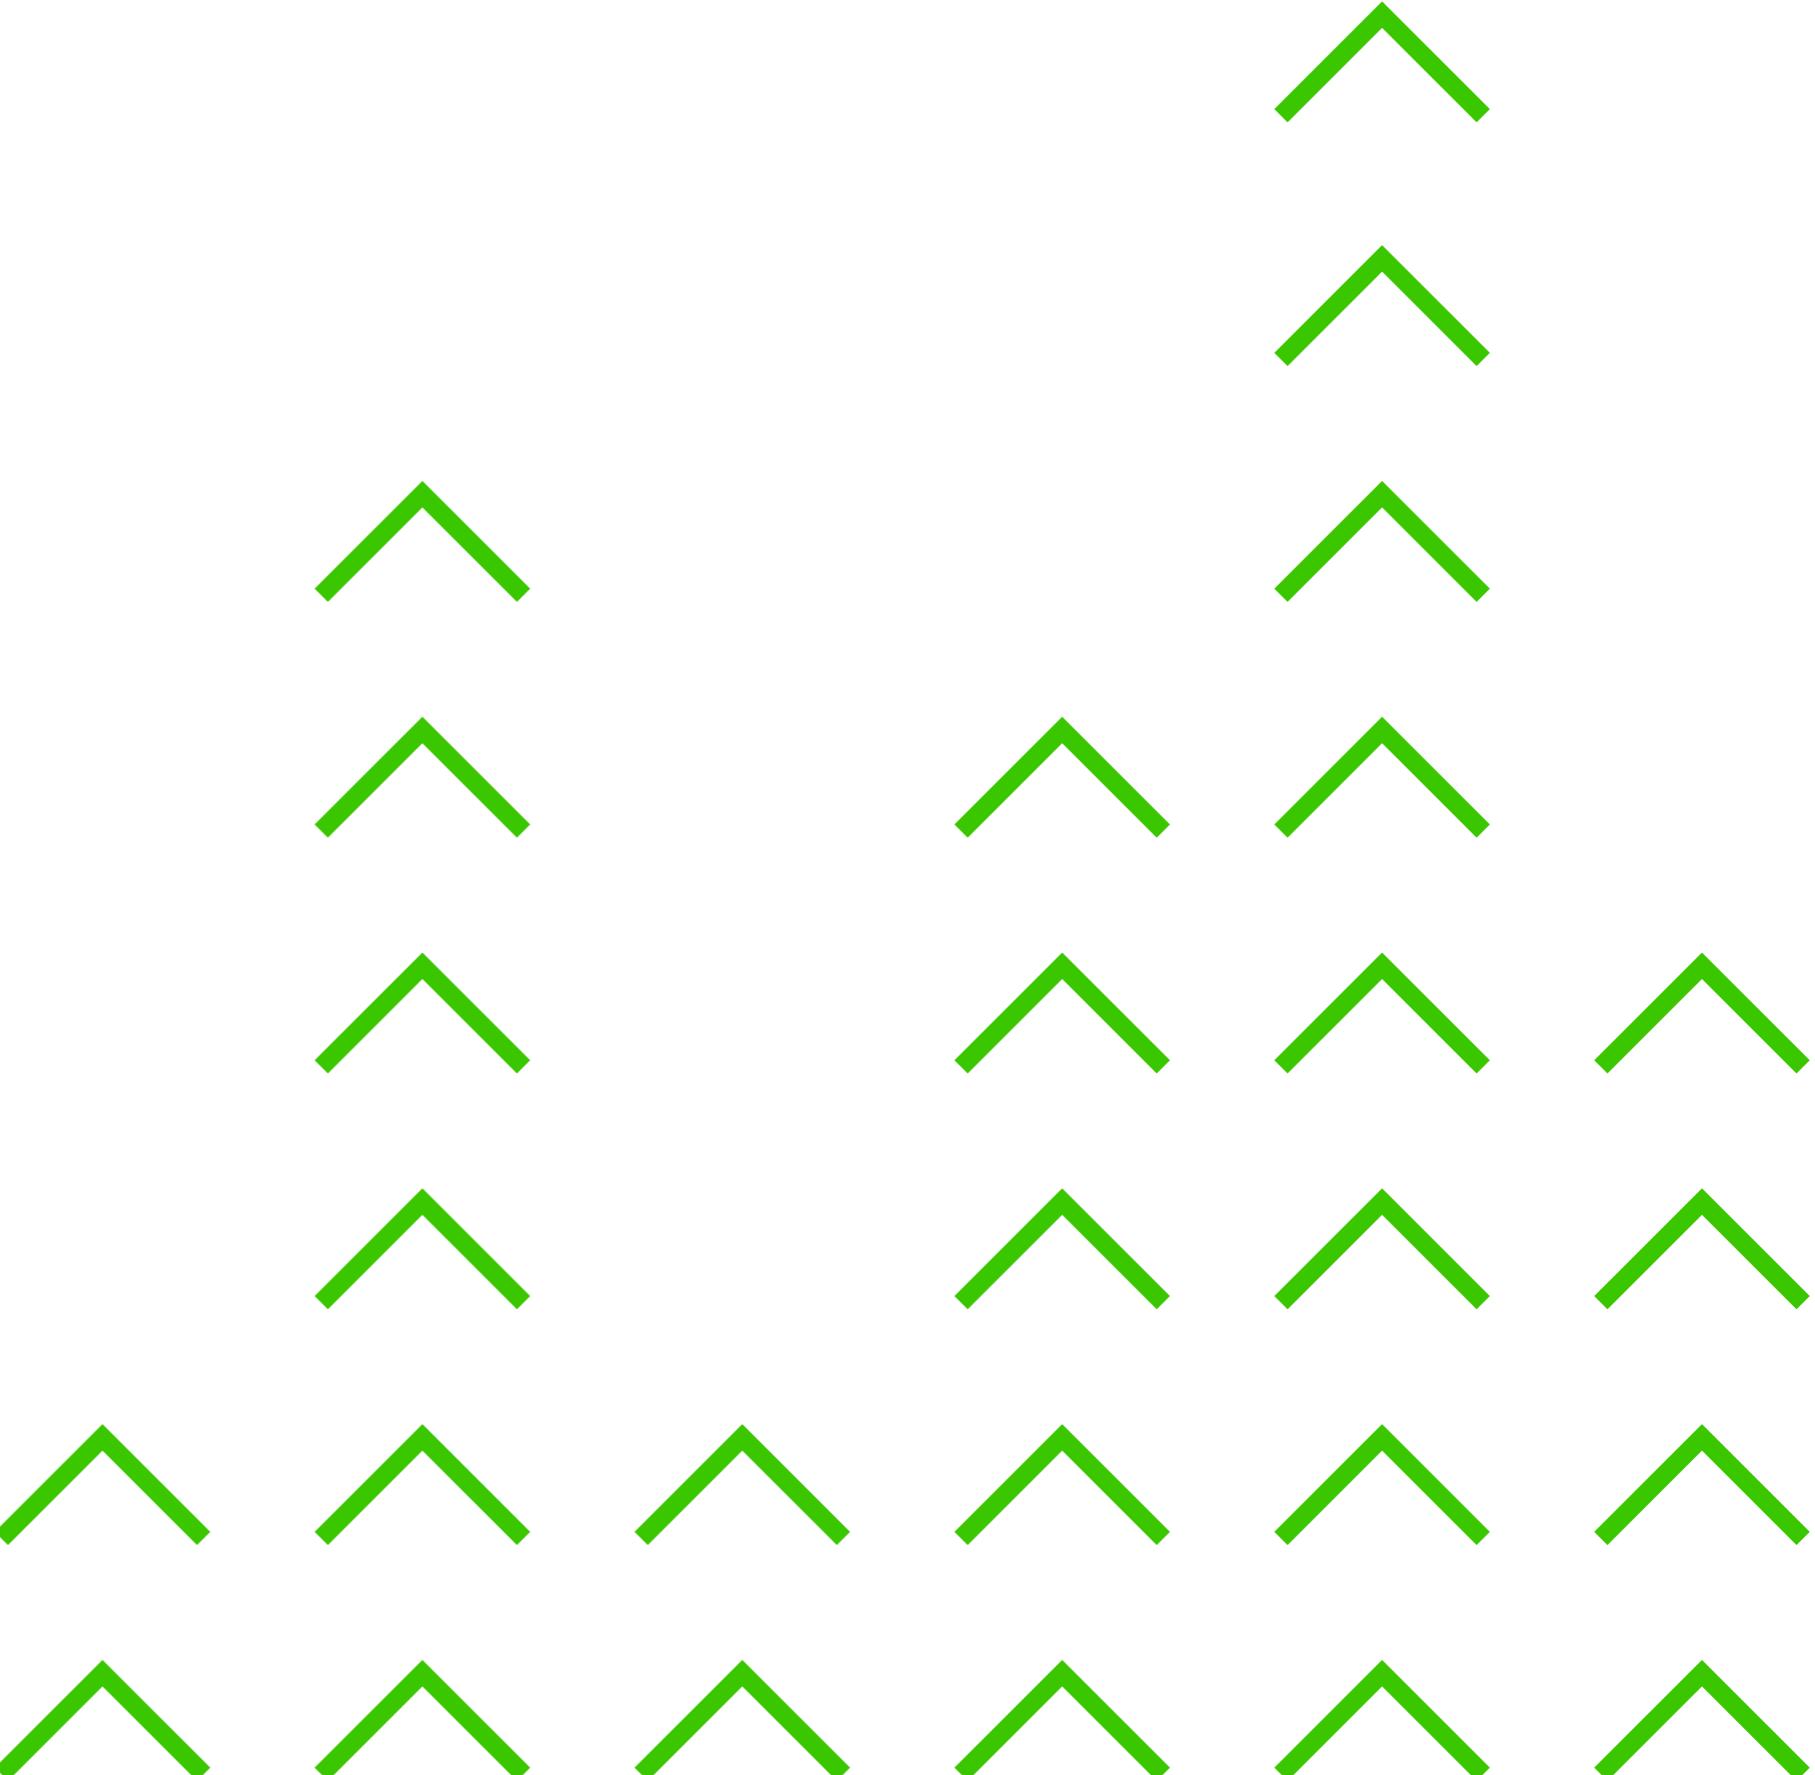

A comfortable worker is a happy worker. And a happy worker is a productive worker.

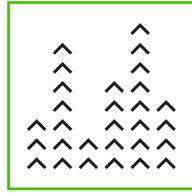

Optima AMRs are designed for collaboration and productivity:

- > Confidential work requiring complete privacy
- > Important projects demanding maximum concentration
- > Introductory meetings with a big new client

Your AMR
will feel like
its own little
(or big) world

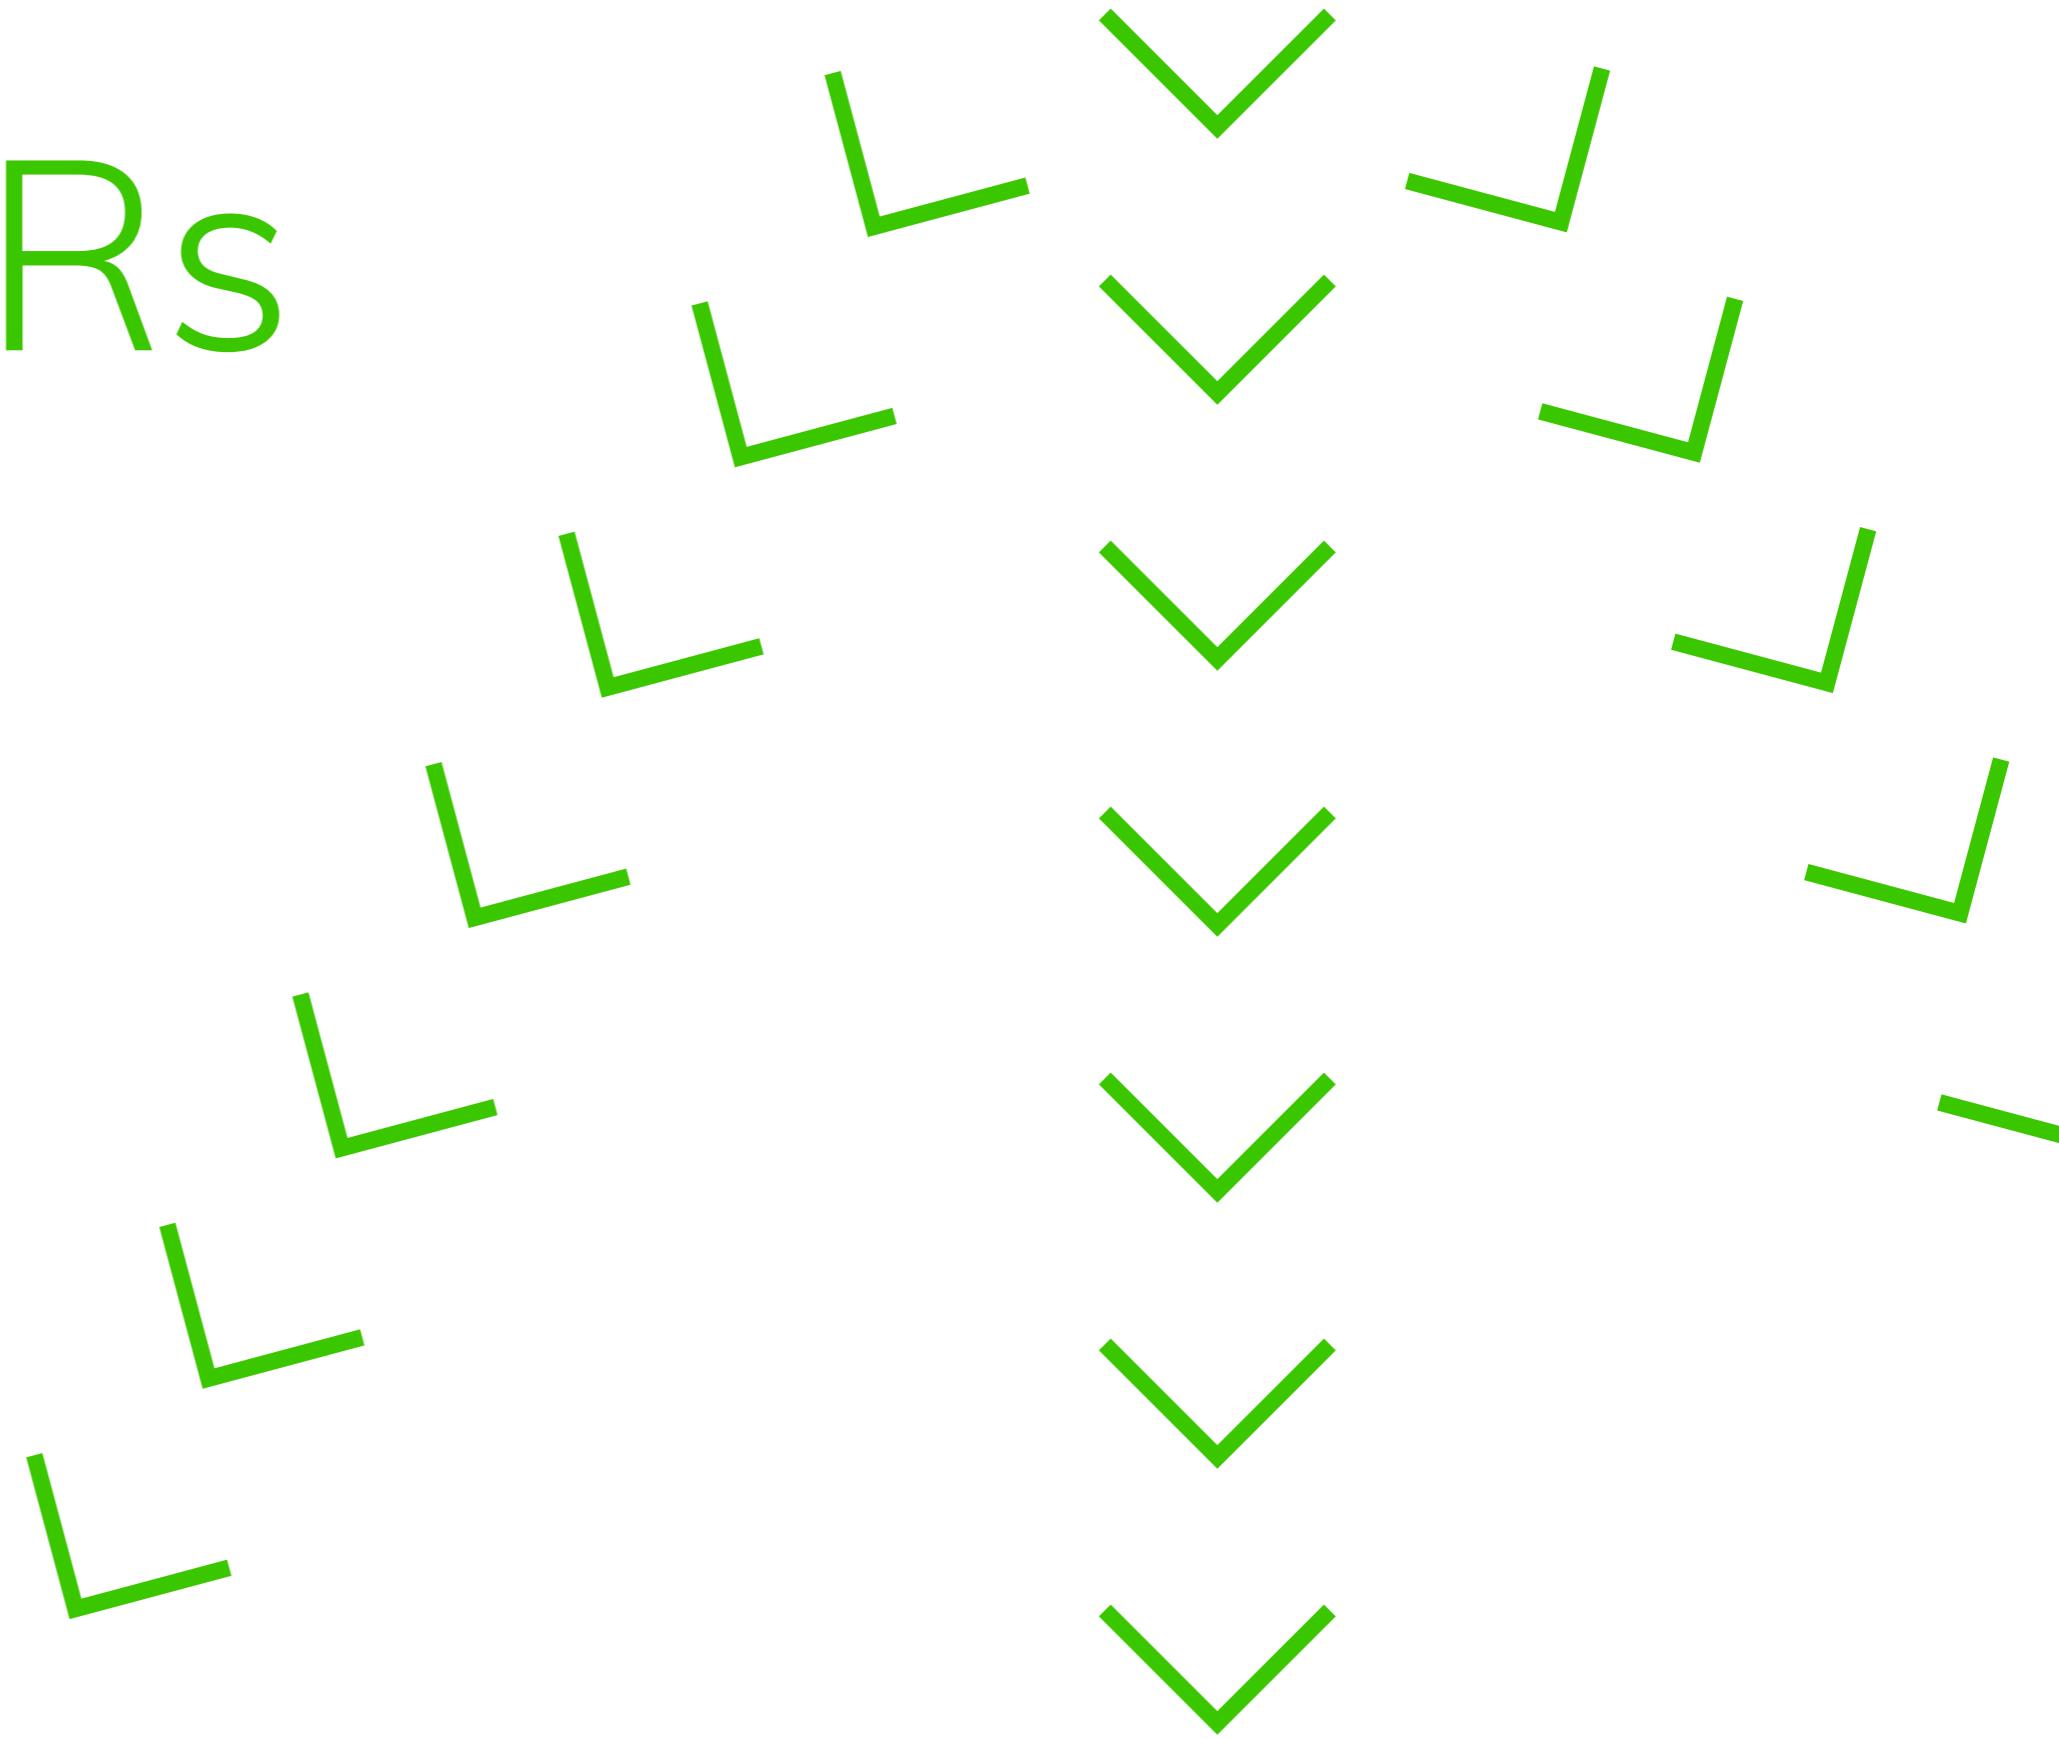

Best-in-class acoustics

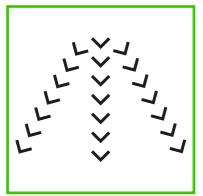

With 15–16 mm solid wall panels and the option for 12.8 mm acoustic laminated glass, your new meeting room maximises privacy and productivity.

- › Ensure distraction-free work with your own quiet bubble
- › Minimise external disruptions by cutting off outside noise
- › Isolate noisy tasks and sensitive meetings from the rest of the office

Optima AMRs
are easy on
the eyes,
hour after
hour after
hour

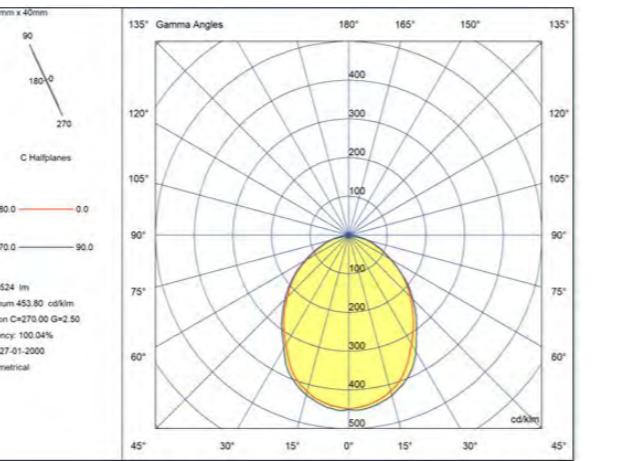

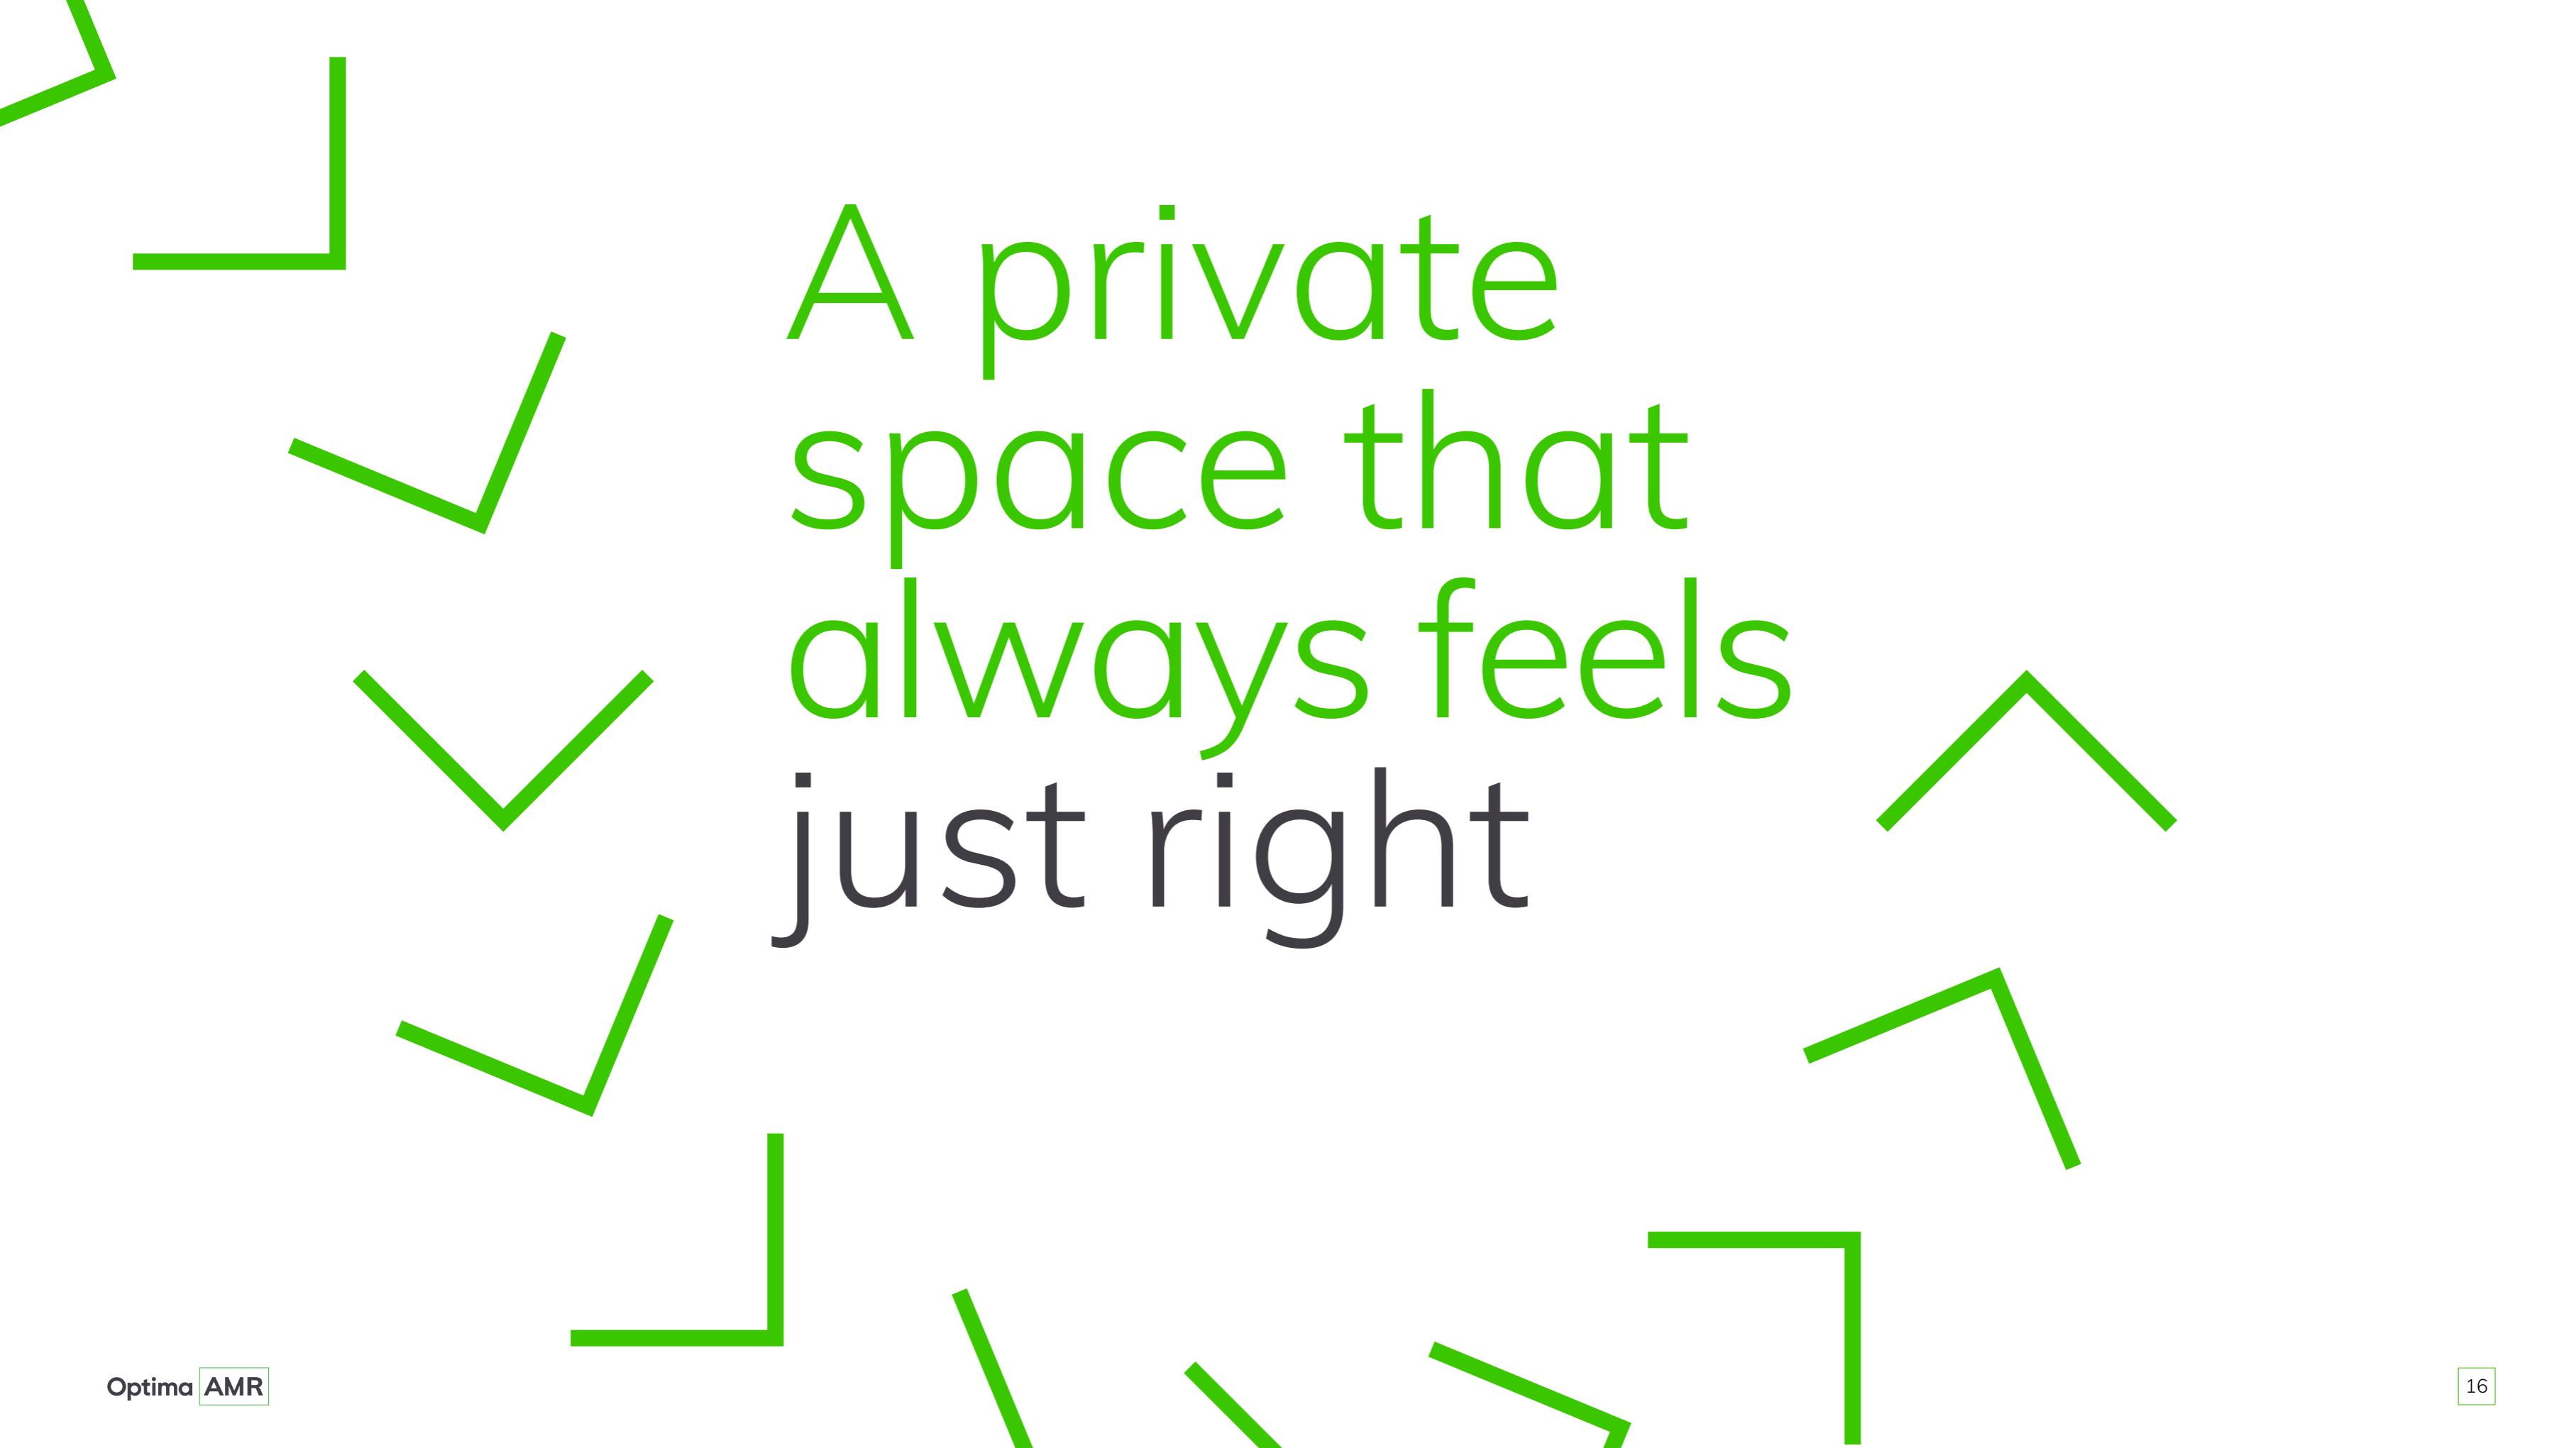

High-quality lighting

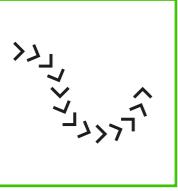

Lighting can have a big impact on our ability to perform at our best. Create a more productive environment with lighting specifically designed to keep your teams as focused and comfortable as possible.

- › Anti-flicker LED technology reduces eye strain
- › Edge-to-edge LED lighting provides an even glow across the space that's restful on the eye
- › Neutral white light balances focus and comfort
- › High Colour Rendering Index (CRI) of 90+ for true colour accuracy

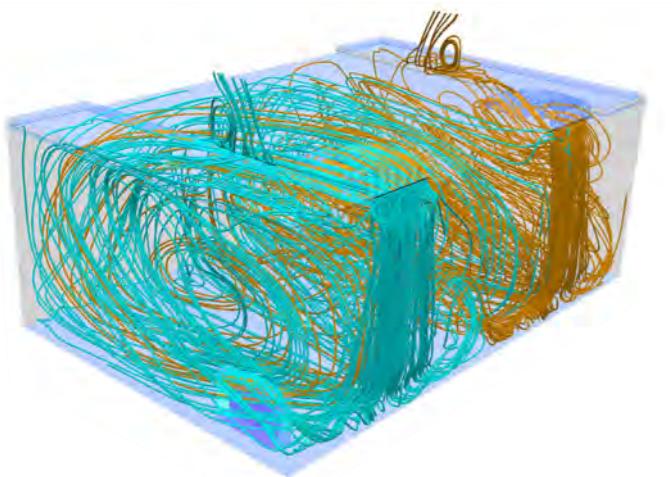

A private
space that
always feels
just right

Precision-designed airflow

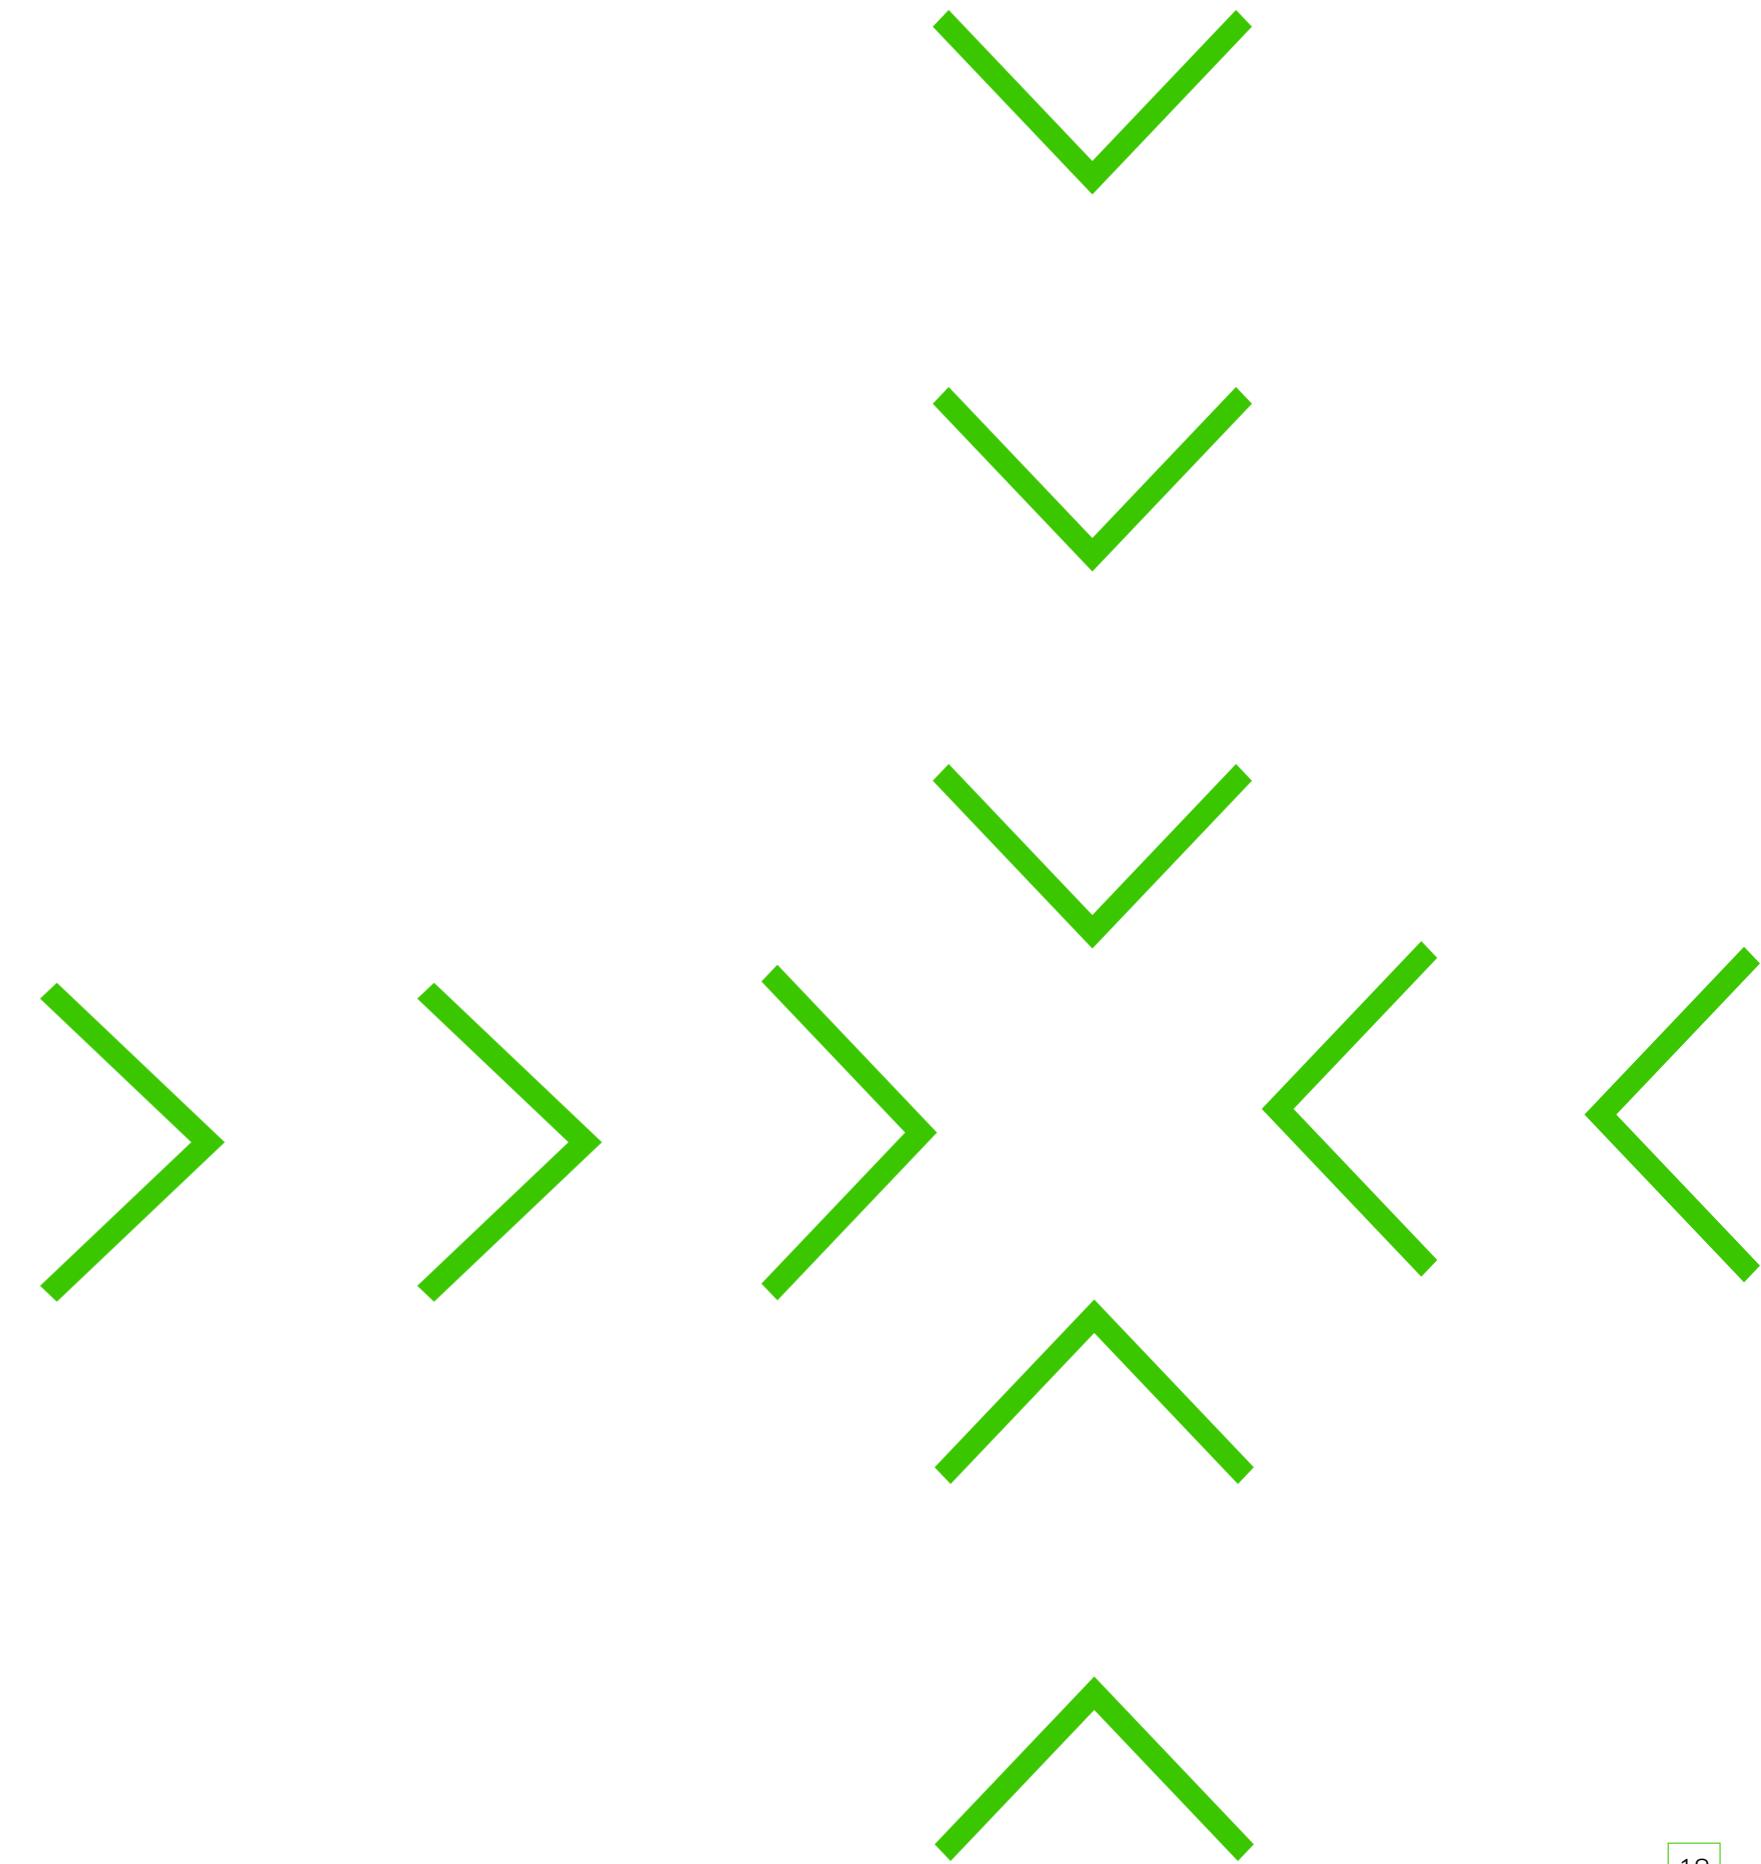

With ventilation systems carefully matched to size and occupancy, you'll never be short of fresh air.

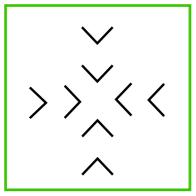

- › Various airflow options custom designed for our AMRs
- › Air quality and presence sensors monitor the environment
- › Large circulation of air compliant with regulations and configured for comfort
- › More temperature control options for increased occupant comfort

Be better
connected

Limitless connectivity

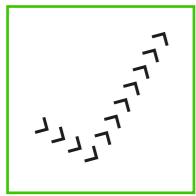

Configurable connectivity means your AMR can be perfectly adapted to your needs, keeping workers comfortable and content.

- › Smart controls to customise your environment and schedule meetings
- › Sockets, ports, chargers and cables for whatever technology you need
- › AV systems for the best possible meeting experience

Safety built in,
from design
to delivery

Toughened glass.
Heavy-duty construction.
Environment monitoring.

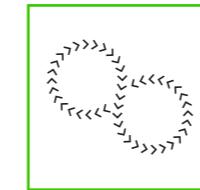

AMRs have been expertly designed for both comfort and safety. From the unintrusive installation to the easy dismantling, an AMR is the reliable and safe choice for any boardroom or breakout space.

Meet regulations, satisfy your inspectors, and give your colleagues the care they deserve.

An
enduring
product

An
ongoing
partnership

Premium feel. Flexible configuration and sustainable design. That's what you'll get with an Optima AMR.

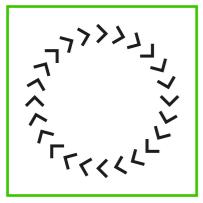

But you're not just buying a product. You're buying into a system. A way of thinking.

And with that comes a whole team of experts committed to helping you achieve your goals and get the most from your space.

› **Not sure where to start?**
We'll give you the VIP tour.

› **Have an idea for a custom solution?**
We'd love to hear it.

› **New work environment?**
We'll show you how AMRs help you make the most of any change in office dynamics.

Sustainable thinking outside the box.

AMRs are the cutting edge of what's possible for configurable office spaces.

But, here at Optima, we never stop thinking of ways to help you be more productive or more sustainable. Whether that's looking at where we source our materials, reducing the energy needed for manufacture, or helping you recycle your purchase in future.

Sustainable offices don't get much better than that.

We're always on the lookout for ways to reduce our environmental impact and better ways to do business.

We'd love to know if you have any suggestions.

> **Reduce**
> **Reshape**
> **Relocate**
> **Reinvent**
> **Recycle**

Unleash the potential of your office environment and discover what's possible with an Optima Adaptable Meeting Room.
